

The North Georgia Treasure Hunt has 16 activities. This is like 16 departments in a corporation.

Our Golf Tournament would be found under the Activity called "Saturday Fun"

There are six more mandatory activities your team must compete in and other optional activities. There are lots of people on your team and not just golfers.

There are 30 teams in the league, but most games are played Odd VS Even (Team Numbers)

These six other activities organize your team's entry for the tournament. [Basic Training](#) – self explanatory, [Pirate School](#) – Safety, [Atlanta Volunteers](#) – Labor, [Special Heroes](#) – Your teams Video, [Mutiny](#) – Strategy, [Bootmaster](#) is comedy for the awards ceremony. Every game has an improv awards ceremony, Grand Prize once a year.

The highest ranked person beginning any round, game or activity is the leader. Only the leader needs to know the rules and only when they are in charge. The leader can also be the Bootmaster or assign that duty. The leader can take point and be the challenger to another team or assign someone depending on the bribe they do or do not parlay. This should create betting and the rigging of those bets. Anyone can mutiny, but depending on the bribe you parlay to the bootmaster, your fate is uncertain. The Bootmaster gives the winner a "Booty" prize the loser gets a "Booby" prize. The Bootmaster can't count so you may be punished for too high of a bribe or too low of a bribe. You have a chance as the Bootmaster does not know the difference between a reward and a punishment especially when spanking is involved.

You don't have to know how to keep score, or the rules. Leave those details up to your team leader!

\$ 1 registration, 18+ to win prizes
You get a few pirate coins to start
